## DEEDS.

With more than 1000 military passengers the United States army transport Thomas, from Manila by way of Nagasaki, is due at the port Monday morning. The vessel will berth at Pier 6. It will remain here about 24 hours before proceeding to San Francisco.  
To be discharged of about 1000 tons of cargo from the Philippines, China and Japan, the Pacific Mail steamer Siberia is due at the port Monday morning. It carries four cabin and 122 Asiatic steerage passengers for Honolulu. The through travelers include 75 cabin, 64 second-class and 239 steerage.  
The Oceanic liner Sierra in leaving the coast for the islands carried a small list of cabin passengers. Capt. Fouldele has sent a radio message to C. Brewer and Company stating the vessel will arrive at the port before 8 o'clock Monday morning. It will bring 29 cabin passengers, declared to represent about one-fourth of its first class passenger capacity. Eight steerage passengers are reported.  
The vessel was given 340 sacks of later mail in steaming from San Francisco. It will remain here until Saturday noon, to discharge 1756 tons of general cargo and load a shipment of sugar, pines, hides, sisal, bananas and other products. The steamer will berth at Pier 10.

## Old Windjammer Now Hulk.

With the departure of the British bark Antiope from San Francisco in tow of the steamer Falcon, the water-front has probably seen the last of the famous ship which has been a frequent caller at the Golden Gate during the 49 years of its existence. The bark has been sold to a New Zealand firm, and will sail from Eureka with a cargo of lumber for Wellington. Upon arrival at the latter port the Antiope will be converted into a coal hulk.  
Captain George Bunting, senior captain of the Standard Oil Company fleet, and in command of the big tanker Richmond, died at Colon, according to despatches received by the company.  
Captain Bunting was one of the best known skippers on the Pacific coast and had been traveling over Pacific waters for many years. For 23 years he had been in the employ of the Standard Oil Company. His home was at 6458 Regent street, Berkeley, where he is survived by a widow and two children. Arrangements are being made to have the body brought to San Francisco on the next boat coming from the isthmus.

## 500 BOTTLES OF BOOZE EMPTIED INTO STREET

The demon rum received another solar-plexus blow this morning. Beer of many brands, wines still and animated, contained in bottles large and small, were destroyed at the order of Sheriff Charles Rose at the police station today. Deputy Sheriff Asch and Chief Clerk Fred Weed supervised the unsealing of more than 500 corked bottles and watched the stream of intoxicant as it trickled into the storm drain at the receiving station.  
The liquor represented material confiscated by License Inspector Fennell and officers in a number of recent raids. In breaking up a number of blind pigs, Fennell has found much evidence. It has figured in many convictions before the district and circuit courts.  
The empty bottles and demijohns will be sold at the next police department auction. Under existing laws, all intoxicating liquor confiscated by the police must be destroyed.

## Tug Printer Breaks Record.

In steaming from San Francisco to Hilo the tug Printer is credited with breaking former records for small tonnage vessels crossing the Pacific under their own steam. Captain Erickson is said to have demonstrated his ability as a clever navigator in bringing the Printer safely into Hilo harbor. The vessel steamed from Grays Harbor to San Francisco in a trifle more than three days. The Printer was formerly the property of the Grays Harbor Tugboat Company of Aberdeen. It was purchased by a contracting firm of Hilo and will be used for towing rock barges to the breakwater under construction near that port.  
The Printer is the smallest vessel to attempt the trip under its own power. Captain Erickson expected to make Hilo in 12 days.
